

EXHIBITS ARRIVE DAILY IN RENO

The Chamber of Commerce Room Proving Inadequate for the Rapidly Increasing Display of State Products

The following products were received yesterday at the Reno Chamber of Commerce: A quantity of green sweet corn came from the ranch of Judge Haydon. Some large sugar beets and white turnips arrived from Lovelock valley. Columbo's gardens contributed a number of white egg turnip beets that weigh on an average five and a quarter pounds. A sheaf of Italian wheat was shipped in by W. E. Griffin. It came from his Roberts creek ranch in Eureka county.

An interesting exhibit has been made by Hon. C. D. Wheeler. It consists of a box of large and handsome red apples grown in Reno.

A large bouquet of dahlias was contributed by Mrs. W. Cruise of this city. The trustees of the Reno Chamber of Commerce desire that the ladies of this city supply the Chamber with choice fall flowers in order that eastern visitors who pass through on the trains may see that Nevada can raise beautiful flowers as well as California.

The collection of grains, grasses and vegetables is daily increasing and the exhibit of minerals is growing day by day. They are coming in from all parts of the state.

The interesting prehistoric obsidian knife of Lester Merrill's found southwest of Wadsworth, is on exhibition in the window of the Chamber of Commerce, also probably the finest stone axe ever found on the Pacific coast. The latter is the property of Secretary Ingalls.

The influx of exhibits is greatly

crowding the present apartments of the Chamber of Commerce and an effort will be made by the trustees to obtain additional space.

Bottle of Gold

Judge P. N. Packard arrived from the north last evening. He showed a Journal representative a vial of coarse gold from pinnings obtained in development workings in his Uneda mine in Plumas county. The property is situated 25 miles northwest of Beckwith and contains large values. Five men are now engaged in development work. The mine will be placed in readiness for hydraulic mining next spring. Judge Packard expects to return to the mine Monday.

Annual Reception

The Young Women's Christian Association of the State University will give its annual reception to the new students Saturday evening, September 12th, 1903, in the gymnasium. A literary and musical program has been prepared. Among one of the principal features will be Mrs. Logan's singing.

The young ladies extend a cordial invitation to all young people of this city.

A WARRANT OUT FOR IRWIN

Special to The Journal

WASHINGTON, Sept. 11.—A warrant has been issued for the arrest of the well known postal inspector, Jas. L. Irwin, at San Francisco, for connection with the postal frauds. It is charged he had stock in a postal device company and fraudulently used this position to promote the use of the device of the company. The same mail which carried west the indictment and warrant bore an order from the postmaster-general dismissing Irwin from service.

To Take Convicts Away

Convicts Murphy and Woods will be taken to Folsom either this morning or tonight. The papers have arrived. The escapes will be accompanied back by Deputy Sheriff Sharkey, Chief of Police Leeper, Constable Wilson and Guards Lewis and Smith. The arrangements for the payment of the reward has been satisfactorily made.

To Be Brought Here

Roberts, Sevrer, Gorman and Williams, the four alleged murderers of Jack Welch, will be brought to Reno and imprisoned in the Washoe county jail as soon as the Folsom convicts are returned to California. Sheriff Lamb of Winnemucca obtained a permit, signed by the governor, authorizing the transfer.

Getting Ready for Work

Supplies for the construction crews on the Lower Truckee canal are arriving daily. The commissary for the 2000 men who will be employed there for the next eighteen months amounts to a few trainloads.

RENOITE JAILED IN PLUMAS COUNTY

Superintendent O'Dette Juggled by California Authorities for Pushing Good Thing Along—Funny Justice Across the Line

If the same idea of right and justice existed in Nevada as has been demonstrated in California the past few hours, Warden Wilkinson would be sent to the pen the first time he showed his nose in Nevada for allowing his escaped convicts to come here.

Joe O'Dette, superintendent of the Washoe County Hospital, is the latest victim of the funny laws they have over in California. He got in jail yesterday and was released only after the district attorney had fixed up his bonds for \$500 and arranged by wire for them to be signed over in the neighboring state.

A part of the story is ancient. It seems that an old paralytic was shipped up here months and months ago by Sacramento county officials who got tired caring for him. The Washoe County Commissioners promptly sent him back.

Over the hill came the cripple as soon as he landed in Sacramento. Thus the game of battledore and shuttlecock has been going on for months.

Finally the old man, who had been boarded here several weeks, expressed the desire to be taken to Plumas county, where his home was. Superintendent O'Dette accompanied him to Quincy, but no sooner was O'Dette in that village before a warrant was served on him and he was marched away to jail on the charge of bringing a pauper into the state.

Lost

Yesterday we offered a fine chicken ranch for sale. We had 14 applicants, 13 of them lost a great bargain. We now offer a still better snap—a five-acre tract, 2 1-3 miles from Reno, a paradise; 5-room house, everything the heart and eye desires. Call at once. Nevada Mining and Real Estate Exchange, 12 East Second street.

His Lordship Arrives

Lord Talbot came in from the east last evening after a business trip through Montana, Idaho, Wyoming, Utah and Nebraska for his firm, Triest & Co., manufacturers of the famous Lion brand hat. Lord Talbot is the most versatile and popular commercial man on the road.

May Go Into Business

Henry Albertson, head of a five million dollar syndicate that controls the gambling houses of Butte, Montana, was in Reno yesterday. He says he intends to open a large gaming house in this city.

BIG ATTENDANCE AT THE RENO SCHOOLS

Principal Winfrey and Teachers Considering Business Course for High School—Comet Association Elects Officers

There are already over 800 pupils enrolled in the Reno public schools and this does not include two departments, which have not yet made their reports. Everything is in smooth running order from top to bottom.

The Comet association met yesterday and elected officers for the ensuing year. Miss Inez Holland will be mistress of the publication. Miss May Julien will be treasurer and Miss May Little secretary. Each room chose its representatives and the latter met and elected the officers.

The high school athletic association will meet Monday afternoon at 4 o'clock.

A meeting of the teachers with the principal was held and the advisability of a high school business course discussed. Plans were outlined for a three years' course. It is believed to be a practical course and will doubtless be organized. Principal Winfrey and the teachers are a unit in believing that thoroughness is what should characterize the school course. The effort will not be made to graduate how large, but how well qualified a class.

Making Good Brick

The Reno Pressed Brick company seems now to be out of the woods and over its troubles. A kiln of brick has been taken down and the brick are said to be very satisfactory. Another kiln of 200,000 is on fire and still another kiln is about ready for burning. The company feels elated over the work of Expert Reynolds, who was imported from Pittsburgh. Judge C. E. Mack, president of the company, has gone east to investigate certain modern improvements in patent kiln building.

Auld Lang Syne

William Nimon of Chicago dropped into town yesterday on his way home after attending the Grand Army Encampment. He ran into Uncle Dick Nash and the recognition was mutual. The two old boys were young boys half a century ago and they worked together in the placer diggings on Parks Bar, not many miles from Marysville. Mr. Nimon went east last night.

Stock Shipments

Fourteen cars of sheep were shipped to the Western Meat Company yesterday and three cars of cattle to Kenier & Long. Last evening there were a carload of horses and five car-

loads of cattle resting in Parry's corrals. Late last night King Johnson received 22 cars of sheep from Halleck. They will be sent on to the city today.

May Work Coal Deposits

Richard Thomas is here inspecting the coal deposits near Verdi in the interests of a company that expects to work them on a large scale in the near future. Mr. Thomas is an old Washoeite. He expresses himself as favorably impressed with the deposits.

A Popular Train

The local to San Francisco is well filled every evening. The sleeper is nearly always crowded before the train leaves this city. If the patronage continues to increase it will soon be necessary to add another sleeping car.

Ladies' Night

Last evening the ladies had undisputed sway of the Oberon bowling alleys and they were there in large numbers. Following are the best scores made: Mrs. Canady, 100; Mrs. Lissak, 100; Miss Nash, 88.

CARNEGIE'S GIFT TO CITY OF RENO

Corner Stone of the Free Public Library to be Laid With Imposing Ceremonies by Grand Lodge F. & A. M. of Nevada

The Grand Lodge of Free and Accepted Masons of the State of Nevada have accepted an invitation to lay the corner stone of the Carnegie Free Library and Monday, September 21, has been fixed as the day for the performing of this ceremony.

The exercises will probably take place about 2 o'clock in the afternoon and it is understood that the public schools and university will dismiss early upon that day so as to permit the students to witness the laying of the corner stone of a building that is to be an important addition to the educational advantages of Reno.

The Carnegie Library Building will be one of the handsomest structures in Reno when completed and the Board of Trustees are to be congratulated upon the excellent judgment they have displayed. The stone used in the building is a native Washoe county stone found within five miles of Reno and is the handsomest stone ever seen in the city and superior to the California stone.

Above the water table, the outside of the building will be of buff pressed brick and the whole effect will be exceedingly attractive. The board expects to have the building completed and ready for occupancy by the first of the year. Prof. Cowgill, the librarian, is already working upon the book question and several thousand dollars' worth of books will be on hand when the library is opened.

The grounds around the building are to be beautified by the city and it is the intention to make the library the prettiest spot in Reno.

FURNITURE MEN IN TROUBLE

Special to The Journal]

NEW YORK, Sept. 11.—Furniture purchases by hotel men are threatening the peace of the furniture trade of the United States. It has been the custom of furniture manufacturers to treat with purchasers for hotels on the basis of wholesale buyers. Retail dealers have taken formal action to force the manufacturers to consider the hotel men as retailers and quote prices accordingly. While there has for a long time been grumbling by the retailers, the matter has not taken the form of an organized movement until this week, when the national association of Retail Furniture Dealers sent formal notification to the manufacturers of furniture throughout the United States that any further sales to hotel men at wholesale rates will be considered an "unfriendly act" and treated accordingly.

The manufacturers do not relish what they term the attempted dictation of the retailers and say they will make sales at such prices to hotel men as the trade warrants. On the side of the manufacturers the claim is set up that hotel furniture is, in a measure, a class by itself, that the buyer is not purchasing for his own personal use, or profit, but for the accommodation of the public; that no private individual buys or can be expected to buy on the scale or in the quantity that the hotel man does; that he is to all intents and purposes a wholesale buyer, and in consequence is entitled to the same consideration.

The retailers' association claims that the hotel man purchases for his own use and for his own house; that in affording him wholesale rates the manufacturers are deliberately discriminating against the retailers and taking from the retailers a considerable source of profit; that such action will not be further tolerated, and that the manufacturers who recognize the retailers' rights will receive the bulk of the trade. The situation has assumed so serious a phase that it is now proposed that a meeting of committees of the National Furniture Manufacturers' association and the National Retail Furniture Manufacturers' association be held and a thorough discussion of the matter had.

WILL COME TO AMERICA

Special to The Journal]

LONDON, Sept. 11.—Among the players of note departing this week for the United States are Gertrude Elliott, the beautiful sister of Maxine Elliott, and her husband, Forbes Robertson. Mr. and Mrs. Robertson have arranged with Marcus Meyer, the American manager, for a tour of the United States this fall and winter. They will be seen in "The Light That Failed," the superb production which met with such success in London last season. The opening of their tour in America is scheduled to take place in Buffalo three weeks hence.

Walthour and Munroe to Meet
Special to The Journal]

ATLANTA, Ga., Sept. 11.—Devotees of the cycle sport are on the quiver in anticipation of the great fifteen-mile motor paced race which takes place here tonight between Bobby Walthour and Bennie Munroe. Walthour is the world's champion, while Munroe is the holder of the American hour record. The race, moreover, will in a way determine the Dixie championship, as both riders are southern boys. Walthour's home is in Atlanta, while Munroe hails from Memphis. The race will formally open the cycle racing season in Atlanta, which promises to be the most successful ever seen here.

West Africa Growing Cotton
Special to The Journal]

LONDON, Sept. 11.—It is reported from Lagos, British West Africa, that the cotton trade, hitherto regarded as in the experimental stage, has become so great as to force the railroads to run extra trains to take the cotton to the coast. Thirty tons of cotton from Lagos has arrived at Liverpool, and is pronounced to be of excellent quality. The seed sown in June is expected to yield 4000 bales. The first delivery of this crop is expected at Christmas. If the cotton growing experiment is successful the cultivated area will be increased as rapidly as possible.

THE UNITED BOYS BRIGADE

Special to The Journal]

BALTIMORE, Md., Sept. 11.—Great plans are being made for the entertainment of the national meeting and encampment of the United Boys' Brigade, which is to be held in this city early in the coming month.

The United Boys' Brigade is one of the largest organizations in the world. Like the Salvation Army, it is a foreign organization, having been founded in Glasgow, Scotland, by W. A. Smith. Since then it has grown to such an extent that in 1887 Mr. Smith relinquished his business to become brigade secretary at headquarters office, a position he has held ever since. Within the United Kingdom there are 41,000 boys in the brigade, and if the United States, Canada, Australia, New Zealand, South Africa, the West Indies, India and Ceylon are included, there are not less than 1700 companies, 5800 officers and 75,000 boys actually enrolled.

Lieutenant General H. P. Bope, who is vice-president of the Carnegie Company, is commander-in-chief of the brigade in this country. The national trustees include some of the best known men in America.

Gibbons Coming Home

BALTIMORE, Md., Sept. 11.—From advices received here it is expected that Cardinal Gibbons, who went to Rome to attend the conclave which elected the new pope, will sail for home today. His eminence was in poor health prior to his departure from Baltimore and the hope is generally expressed that the trip abroad, attended with considerable mental anxiety and arduous work, though it was, may have proved beneficial to his health.

In Memory of Brandywine

WEST CHESTER, Pa., Sept. 11.—The one hundred and twenty-sixth anniversary of the Battle of Brandywine was celebrated today on the battlefield, where on September 11, 1777, for the first time the continental army carried the Stars and Stripes into battle. The exercises included several orations interspersed with music, and the participants consisted of members of various patriotic orders from Philadelphia and nearby points.

READY TO LAUNCH MARYLAND

Special to The Journal]

NEWPORT NEWS, Va., Sept. 11.—Everything is in readiness at the yards of the Newport News Shipbuilding and Dry Dock company for the launching tomorrow of the fifteen thousand ton armored cruiser Maryland. It will be a gala day at the yards and a large attendance of visitors is expected from Baltimore and other Maryland points and also a delegation of public men from Washington. The christening ceremony is to be performed by Miss Jennie Scott Waters, daughter of General and Mrs. Francis E. Waters of Baltimore.

R. F. D. Carriers in Convention

Special to The Journal]

CHICAGO, Ill., Sept. 11.—A national convention of rural free delivery carriers, the first meeting of its kind to be held, is in session in this city. The purposes of the gathering are to consider ways and means for improving this branch of the postal service and incidentally the conditions of labor, wages, etc., of those engaged in the work. Delegates are in attendance from Missouri, Iowa, Illinois, Michigan and a number of other states.

Mexico Produces Oil

Special to The Journal]

CITY OF MEXICO, Sept. 11.—The Mexican government has gone into the oil producing business in connection with the operation of the National Tehuantepec Railroad. It is developing a new oil field on the Isthmus of Tehuantepec. Two good producing wells have been bored, and the locomotives on the National Tehuantepec road are using that product for fuel. Other wells are to be bored, and the production entered into on a large scale.

Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Summit counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. An Excellent Company Will Open
in This City Monday Evening
With a New Repertoire and a
Splendid Lot of People

In the production of "The Man
From Mexico," which will be given
next week at McKissick's Opera-house
by the Elleford company, James Cor-
nigan will be given an opportunity to
compare his work with that of William

Collier. The play itself is a succession
of laughable complications resulting
from a supposed trip to Mexico. The
scenery is all modern and the special-
ties new, crisp and full of popular
music. Mr. Cornigan has had many
offers to star this season, but prefers
to remain with the flagship of the Pa-
cific coast—the Ellefords.

This season Mr. Elleford comes with
a carload of scenery, stage effects and
will spare no pains to give the public
the best that money can produce. The
matinee bill is a story taken from
Mother Goose entitled "Jack and the
Beanstalk."

It is the same version used at the

songs, dances and specialties by Hap-
py Hooligan and the Katzenjammer
twins.

PRAISE FOR THE JOURNAL

Editor of Gardnerville Record Gives
His Impressions

On a recent trip to Reno we were
shown, through the courtesy of the
city editor, the plant of the Nevada
State Journal. Although we really
expected to see a plant somewhat bet-
ter equipped than the Record's, yet
we were hardly prepared to see such a
modern and well equipped plant as the
Journal can truthfully boast of.

As to influence in material matters—
pertaining to movements and develop-
ments helpful to Nevada—The Journal
has potential influence. A modern
newspaper represents something more
to society than a mere investment of
\$40,000 or \$50,000. One can find a
great many men or groups of men able
to invest, in the way they see fit, that
much money. But how many yield
the investment so that it will be as
generally, as widely beneficent and
helpful in its operations? That is the
secret of a great newspaper, and
those people down at Reno have a
great newspaper.—Gardnerville Rec-
ord.

Draft On Mr. Carnegie
The first draft on Andrew Carnegie,
consisting of \$2000, was made yes-
terday by the trustees of the Carnegie
Free Library association. If this is
paid there will be several other drafts
made in the near future. The library
association has made rapid progress
with the building and in a few months
the people of Reno will reap the ben-
efits thereof.

Dissolution of Partnership
Notice is hereby given that John
Chism and B. F. Howard have dis-
solved partnership as proprietors of
the Reno Dairy. Mr. Chism retains
the ownership of the dairy and as-
sumes all liabilities contracted after
September 1st, 1903, and will collect
all accounts contracted after said date.
JOHN CHISM,
B. F. HOWARD.

Dancing Academy
Miss Florence Hastings will open
her class Saturday afternoon, Septem-
ber 26th, at 2:30 o'clock in Kinder-
garten hall, and desires to have all
pupils begin on above date, as she
will only be in Reno three months,
closing on December 19th for the cold
weather, but will return in the spring
for three months.

A COMMUNICATION

The Other Side of the Charlie Wilson
Episode

Editor Journal: Kindly publish the
following:

Having noticed several pieces that
have been published in your paper and
other Reno papers relative to Charles
Wilson, the colored porter of the Over-
land, I feel that he, though "black as
the ace of spades," has been done an
injustice in every article that has been
published. The truth of the matter is
this same colored man has been
most infamously imposed upon and
provoked into retaliation in a way that
I have never known to be equaled.
First there never was a more tireless
night and day worker or servant than
he in waiting upon everyone from a
little child to a helpless old person,
no matter how late the hour or how
early, Charley was always there with
a smile and his willing hands to help.

Second, what led to the trouble was
Mr. Donaghy of the Nevada Hotel
backing up and tramping on Wilson's
feet time and time again while they
were calling out for their respective
hotels.

This I have seen myself and cau-
tioned Mr. Donaghy about and asked
him to desist from. He persisted in do-
ing so until provoked beyond control
Wilson slapped his face, for which he
was fined \$30. Next comes a wholly
unwarranted attack upon him by Don-
aghy and McGrary at the N-C-O de-
pot. Eye witnesses state that it was
an unwarranted and disgraceful at-
tack upon him by two men that he
had not interfered with in any way,
shape or manner. Now, as to the may-
hem part, Wilson says he did not do
any hitting, others say he did not, but
McGrary received his injuries in fall-
ing, of that I am not positive. How-
ever, when two men jump on one man
and he an old man of sixty and over
they may expect to have him defend
himself in the best and most effective
way he can. Place ourselves in
Wilson's place for instance. After
watching the matter from beginning to
end I must say and impartially that
Wilson was contemptibly im-
posed upon, and if Mr. Donaghy and
his man, Mr. McGrary, had attended
to soliciting for their hotel instead of
looking for trouble with Wilson, there
would have been no trouble whatever,
and an indulgent public would have
been spared the trouble of reading
of the "Brutal Negro Porter," who ev-
eryone from little children up have
learned to like and look for around

GRAND MILLINERY OPENING

Red Letter Day in Millinery in the
City of Reno

Mrs. Dennis Sullivan has just re-
turned from San Francisco, where she
purchased all the latest novelties in
trimmed and untrimmed hats, ready-
to-wear, plumes and every accessory
known to the millinery trade.

This immense stock will be shown
to the ladies of Reno and vicinity on
Saturday, the 12th, and Monday, the
14th, (our opening days), at prices
never before equaled for their cheap-
ness.

MRS. DENNIS SULLIVAN,
S12w 208 Virginia st.

Badly Staid With

C. C. Shepard and Scott Hart have
returned from Gold Lake, where Mr.
Hart met with a thrilling adventure,
being treed by a bear. Bruin was not
satisfied with getting Scott in a tight
place on a crotch of the tree, but
started up the tree after him, tearing
the nether garments of the hunter in-
to tatters and lacerating his skin.
Scott's screams could not be heard by
"Shep," who was on the other side
of the lake preparing supper.

Second Annual Ball

On the evening of the 18th the
Reno Wheelmen relay team will give
its second annual ball in Wheelman
hall. Tickets are for sale by members
of the team. Music will be furnished
by the Wheelman club band. This
annual ball is the only remuneration
for the relay team for its excellent ef-
forts.

The Place to Complain

A complaint came into The Journal
office last evening to the effect that
slops are emptied into alleys from the
upper stories of certain buildings in
Reno. The complainants, who were
drenched thereby, have a means of re-
course and that means is the City
Council.

Autumn Millinery

The ladies are invited to view the
advanced styles of fall and winter
hats at the Elite millinery parlors, No.
10 East Second street. The very latest
effects in ever-ready, tailor-made and
suit hats now on display.

DISCUSSION OF THE FINANCIAL QUESTION

A Correspondent of The Journal
Continues Series of Letters on
Finance and Elucidates a Few
More of His Ideas

Editor Journal: At a banquet held
in Chicago recently two hundred busi-
ness men from all parts of the country
listened to Secretary Shaw give his
views on the business outlook and
needed currency legislation. After
telling how the national banks should
be allowed to issue additional notes
up to fifty per cent of their bond se-
cured circulation, he made the follow-
ing remarkable and most erratic state-
ment:

"There exist today no one fact, and
no combination of facts, the logical se-
quence of which suggests disaster. If
disaster comes it will be psychological
and not logical. The microbe, if it ex-
ists, is in the mind; it is not else-
where."

This statement of Secretary Shaw's
should be preserved for future refer-
ence. If there is no one fact, or com-
bination of facts, that suggests dis-
aster, why does he advocate additional
currency legislation? Why not let
well enough alone? Why does he keep
upwards of \$150,000,000 of government
money in the national banks, and is
now making arrangements to deposit
some \$40,000,000 more of government
money in the banks, if everything is
serene? We might also ask why does
he accept state, city and other bonds
as security for government money and
make an order that he would not en-
force the rule for the banks to hold
25 per cent in lawful money as a re-
serve, so far as it applied to govern-
ment money deposited in the banks, if
everything is O. K.?

All these facts go to show that there
is something besides a "psychological
microbe" that causes financial diffi-

culties. It shows that the business of
this country is based on an enormous
inflation of credit and if there is any
psychological microbe in the mind of
the people it is in the form of an in-
clination that we are doing business
on a gold basis.

It is not the producers of wealth
that cause disaster. It is the class of
people who in 1893 gave the people
an object lesson by precipitating a
panic in order to force the repeal of
the Sherman law, and who, again in
1896, threatened, in the event of Bry-
an's election, to withdraw credit and
call in loans before a silver law could
be enacted. That threat had more to
do with Bryan's defeat than all other
causes combined and proves conclu-
sively that the steering committee of
the gold standard are the ones that
manipulate the "psychological mi-
crobe," that causes the disasters refer-
red to by Secretary Shaw.

His Life Saved by Chamberlain's Colic,
Cholera and Diarrhoea Remedy.

"B. L. Byer, a well-known cooper of
this town, says he believes Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy saved his life last summer.
He had been sick for a month with
what the doctors called bilious disen-
tery, and could get nothing to do him
any good until he tried this remedy.
It gave him immediate relief," says B.

I n prescription work we
consistently adhere to
the principle that only the
purest and best drugs and
medicines should be used.
We never depart from
that standard. But on the
other points about the

prove the arrangement of
shelves, closets and draw-
ers so as to dispense med-
icines more quickly. We
have to do this to accom-
odate our growing business.

There's no telling when

Condensations of Dispatches Mirroring Yesterday's Happenings in This and Other Lands

The press association announces that the British Home Squadron will be sent to the United States on a courtesy visit in return for the American action in sending a squadron to Portsmouth.

Secretary Hitchcock has announced the removal of John A. Sterrett of Ohio, as town site commissioner for the Cherokee Indian Nation in Indian Territory and the appointment of Dwight Tuttle of Connecticut as his successor.

Customs Inspector Thomas P. Coates and Lieutenant Osborne, constabulary supply officer, both stationed at San Fernando, who were arrested recently on the charge of misappropriating government funds, have been tried and convicted of the crime.

Rear Admiral Cotton telegraphs from Beyrout September 10, that the governor general of Damascus has been appointed acting governor general at Beyrout and has expressed a desire to settle the case of the American consul satisfactorily to the United States. Beyrout quiet, business improving, confidence increasing.

The appointment of an American-British boundary commission to determine the boundary lines on the coast of Borneo separating the possessions in those waters of the islands belonging to the two countries may be the eventual solution of the inquiry which the London government has addressed to the state department as to the sovereignty over certain of these islands.

W. Beavers, the former head of the department of salaries and allowances in the postoffice department, was arraigned before United States Commissioner Hitchcock in the federal building yesterday on a bench warrant issued in Washington charging him with conspiracy to defraud the government. Beavers furnished a bond of \$5000 for his appearance on September 25.

First General Assembly

The first general assembly was held at the gymnasium yesterday. More than two hundred students were present and almost the entire faculty of the university. The exercises were of a varied and pleasing character. The welcoming speech was made by Dean Thurtell and it was most appropriately done. Professor N. E. Wilson addressed the students on the value of a clear purpose and self reliance. This was good.

Mr. Ede, of the senior class, spoke to the students in a humorous and yet sensible vein, respecting their duties as students. After several announcements by the president the assembly adjourned.

Sorosis

Is the famous shoe for women. Discriminating women the country over are careful to look for this stamp when buying shoes. It's the mark of quality. It's a guarantee of comfort and elegance. It's an assurance that you're not paying more than is necessary for all that's of value in women's shoes. Sorosis shoes have elegance, and with it they give a perfect fit and glorious comfort, and they're only \$3.50. Just received the fall goods. Sole agents for the state. R. Cleator, 17 West Second street.

The State of Nevada sends to George Borden greeting:

You are hereby required to appear in an action commenced against you as defendant by Clarence Borden as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this Summons (exclusive of day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover a judgment and decree in the above entitled Court to dissolve the bonds of matrimony now existing between plaintiff and defendant upon the ground of desertion to wit: That on or about the month of — 1901, the said defendant disregarding the solemnity of her marriage vow and without cause deserted and abandoned the plaintiff and ever since has and still continues so to willfully and without cause desert and abandon said plaintiff and to live separate and apart from him without any sufficient cause or any reason and against his will and without his consent.

All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand at Reno, this 22d day of August, A. D. 1903.

SUMMONS

In the Second Judicial District court, of the State of Nevada, in and for the County of Washoe.

The State of Nevada sends to Harry Snerman, defendant, greeting:

You are hereby required to appear in an action commenced against you as defendant by Hannah Marian Sherman as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this Summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover a decree of this court dissolving the bonds of matrimony now existing between plaintiff and defendant and allowing plaintiff to resume her maiden name of Hannah Marian Cooper, on the ground that you, defendant, have treated plaintiff in a cruel and inhuman manner on the 20th day of January, 1903, at Reno, Nevada, in that you demanded that she make of herself a prostitute for the purpose of supporting herself and you. That she refused to do as requested by you and by reason of such demand her health has been injured from worrying over such treatment and she has suffered great mental agony thereby. By reason of such cruel treatment she has been forced to leave you, defendant, and live separate and apart from you.

All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the Seal of said Court, at Reno, this 22d day of April A. D. 1903.

LOCAL MINES AND MINING

PROGRESS OF AN IMPORTANT
INDUSTRY IN NEVADA.

New Discoveries, Development Work,
Shipment and Reduction of Ore Re-
ported From Every County.

Only good news continues to come
in from the strike in North Star in
Tonopah.

The work of stringing wires for
electric power and light to the Ward
shaft is about completed.

The mining property in Iron Canyon,
Lander county, owned by a Salt Lake
company, has been attached.

Paul Raubach and G. J. Roote of
San Francisco, who arrived here Mon-
day, have consummated a deal where-
by they have purchased the Keyes
mine in Sevenmile Canyon. — Enter-
prise.

Foreman Gibson expects to complete
casing drill hole No. 5 on the Brun-
swick lode today and may resume drill-
ing tonight. The hole had a depth of
484 feet, when work was suspended
pending the delivery of the casing ma-
terial from Pittsburg, Pa.—Report.

A body of rich sulphur ore was un-
covered in the Longfellow mine last
week, the concentrates of same assay-
ing \$1000 per ton. The owners are
elated and it is their intention to im-
mediately put on a force of men and
push development work as rapidly as
possible.

R. L. Nolf, who is extensively in-
terested in the Stateline district, has
returned from the south and brings
the information that the new mill at
the Homestake property in the Deer
Lodge district, is nearing completion,
and will go into commission in all
probability some time next month,
says the Desert News.

Representatives of the New York
capitalists who have a bond on the
Monarch mine in Pine Nut, inspected
that property last week. The bond
expires in thirty days, and the sale
depends upon the report of the visit-
ing inspectors, which, judging from the
tone of their conversation, will be
favorable. The Monarch is one of the
richest prospects in this vicinity, but
like many similar propositions, is not
a "poor man's mine." — Raycraft Bros
are the present owners.—Record.

The Best & Belcher mill is crush-
ing about 45 tons daily of rock from
the Imperial mine waste dump, the
pulp from which is flumed to the But-
ters' plant for treatment. At that
rate it will require nearly five years
to handle the 80,000 tons of which it
is estimated is contained in the Gold
Hill waste dumps on which the But-
ters' company has a privilege. The
Best & Belcher mill, when in full
operation, has an ore handling capacity
of 60 tons per day.—Report.

To Whom It May Concern

ing no interest in my restaurant at

People's Restaurant, you are hereby
notified that Mr. F. A. Lehrbuss has

Bedridden alone and destitute. Such,
in brief was the condition of an old
soldier by name of J. J. Havens, Ver-
sailles, O. For years he was troubled
with kidney disease and neither doc-
tors nor medicine gave him relief. At
length he tried Electric Bitters. It

A shortage of feed is reported on
Churchill and Nye county cattle
ranges.

The Dangberg Land & Live Stock
Company purchased a train load of
cattle in Elko county last week. The
cattle arrived here last Saturday and
are about as fine a bunch as ever hit
this valley.—Record.

Winnemucca merchants were suc-
cessfully worked in a number of in-
stances yesterday by a smooth young
fellow who is evidently out of funds
and a job, but who does not look upon
the latter as a means necessary to
gain the former.—Silver State.

Most of the pears and over half of
the apples in Carson City are worth-
less this season because of a scale
which has infected them. The agricul-
tural department estimates that it re-
quires about three and four years for
this scale to kill the trees. This ought
to lead tree owners to do some think-
ing.—News.

County Assessor Guthrie has prac-
tically completed his work for the
year. The footings show that total
valuation of real estate and personal
property to be \$5,169,563, showing an
increase this year over last of \$168,-

wealthiest county in the state and is
climbing surely upward to first place.

The woman who eloped with Dr.

widow of the late Charles Calvin, who
was well known in this city. It is
now thought that Dr. Johnson gave
Mr. Calvin a dose that sent him to his

will be exhumed and the stomach an-
alyzed. An effort will be made to
locate the elopers, and if the suspicions
of Calvin's friends prove true they
will be brought back to face a charge
of murder.—Enterprise.

A Remarkable Record
Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by S. J. Hodgkinson.
